A close-up photograph of a white plate filled with a rich, orange-brown chicken and vegetable curry. The dish includes chunks of chicken, potatoes, and eggplant. In the background, a metal plate holds a serving of white rice, garnished with small dark toppings. A large yellow text overlay '240341329' is positioned across the bottom half of the image.

The image shows a close-up of a notebook page with handwritten mathematical notes. The notes include the expression  $\frac{1}{2} \times \frac{1}{2} = \frac{1}{4}$  and a small diagram of a square divided into four smaller squares. To the right of the notebook is a large, stylized blue geometric logo consisting of several L-shaped blocks arranged in a larger square pattern.
